

Chicago May Sever Affiliation

A meeting of the board of affiliations of the University of Chicago, April 4, 1903, the following resolutions were adopted. It was ordered that a copy be sent to each member of the Board of Trustees of Stetson University:

Whereas, There has existed for more than a year at the John B. Stetson University a complication which called for united action on the part of the Board of Trustees; and Whereas, The Board of Trustees has become unfortunately divided in its policy with reference to the difficulty; and Whereas, The division of the Board of Trustees is accompanied by a like division in the constituency of the University; and Whereas, Personal feelings have so far defeated judicial weighing of the considerations involved that confidence in the wisdom of the board has been seriously disturbed; and Whereas, In the nature of the case the University of Chicago has neither the right nor the means to make such investigation as would be necessary if it were to exert an influence upon the settlement of the controversy; and

Resolved, That, without implying any judgment whatever about the merits of the controversy, the board of affiliations of the University of Chicago deems it inexpedient that the affiliation with John B. Stetson University should continue.

Resolved, That, in accordance with the terms of the affiliation agreement, a copy of this resolution shall be sent by the recorder to the secretary of the Board of Trustees of John B. Stetson University and to each member of the Board.

Resolved, That in accordance with the terms of the affiliation agreement, this action shall not be presented for ratification by the Board of Trustees of the University of Chicago until time has elapsed for such communication as may be necessary between the two universities.

Resolved, That in taking this action the board of affiliations is moved by no unfriendly spirit, but, on the contrary, it shares with all the friends of John B. Stetson University the fraternal hope that truth and justice may prevail; that the wounds of the conflict may be speedily healed, and that the prosperity and usefulness of the University in the future may amply fulfill the promise of its past.

ALONZO K. PARKER, Recorder.

The above action was taken, not because of the rumors circulated against the president of the institution, but because of the row that is being made by the Stetsonites over the action of the trustees. Not long since President Harper wrote to President Forbes assuring him that the agreement for affiliation was made between the trustees of the two universities, and that the trustees of Chicago University would abide by the action of the trustees of Stetson. The action of the Board of Affiliation of Chicago University was taken in the absence of President Harper, and whether he and the trustees of Chicago will approve the slap at Stetson University and the town of DeLand, just at this time, time alone will tell.

The affiliation agreement is not an unimpaired blessing, as the parent institution reserves the right to approve or reject any teachers selected by the affiliated school, and this has caused some little friction in the past. At any other time than the present, the severance of the affiliation would not have been regretted to any great extent.

Suspend Judgment Till Courts Act.
From West Palm Beach Tropical Sun.

The future of Stetson University is a matter too sacred to be imperiled by the vile tongue of the gossip monger. The institution is by far greater than either Stetson or Forbes, or both combined, even though one has expended his money and the other his energy, in bringing it up to the high standard which it has reached, and which it is hoped that it will maintain. All conservative and peace loving citizens of Florida will, we believe, agree with the Tropical Sun in urging, for the good of the state, that the matter be allowed to drop, and judgment suspended until the courts shall render a verdict.

Leaves the Matter to the Courts.
From the Lake City Index.

We receive by nearly every mail something "for or agin" the trustees in the Stetson University matter. The matter is now in the courts, and we shall not further discuss it, except to say we believe in the majority report of the trustees. When such men as Dr. Camp, Gov. Jennings and others say a thing is right, it comes very near being so.

THE OLD RELIABLE

Orange City

Orange City, April 15.—Mr. F. W. Fawcett and family went over to Coronado Beach on Thursday for a two weeks outing.

Mrs. Erquerhart and two children, who have been spending the winter with her parents, Mr. and Mrs. Martin, left for St. Louis Monday to join her husband, who is an electrician in that city.

Mrs. Butler and Mrs. Louee, who have spent the winter at East Lawn with Mrs. St. John, left Monday for their home near Richfield Springs, N. Y. They have been at East Lawn for three winters and have made many friends here who will miss them.

Mrs. Berry's seven boarders left Norwood Villa Monday for their homes in Connecticut. They drove to Enterprise and took the boat for Jacksonville.

Mrs. John White entertained the Whist Club last Wednesday afternoon. Mrs. St. John won the first prize.

Easter services were held in all the churches Sunday. Congregational in the morning, Episcopal in the afternoon and the Methodist in the evening. Each church was prettily decorated. We had fine music in the Congregational church; Mrs. Hood sang a solo that was fine. She has a strong, well-trained voice.

Rev. Brewster and family went to Coronado Beach Monday. Andrew Baldrige and Charlie Martin accompanied them.

Mrs. Baldrige received a telegram from Pittsburg Monday afternoon, saying her daughter, Miss Nellie, was very ill with typhoid fever. Miss Nellie has a good many friends here who regret very much to hear this sad news.

Capt. Harris of St. Francis had another St. Johns River picnic on Tuesday. About twelve from this place and Enterprise went. This is the last of the picnics for this season.

A good deal of property is changing hands here lately. Mr. D. P. Graves has sold his brick store, on Graves avenue, to Wm. Laws; Mr. Perley has sold an unoccupied business lot, on Graves avenue to Mrs. Welch; Mr. Graves has sold to Ned Smith, colored, 15 acres of what used to be W. W. West's grove, joining the Tainter place; another 10 acres to Miss Massey and two acres to Mrs. E. A. Hill.

Mrs. Berry and daughter, Miss Carrie, who have occupied Norwood Villa this winter, left Tuesday for their home in Kent, Conn.

Mrs. Albert Shattuck and daughter, Miss Reva, and cousin, Miss Vinzant, were in town Tuesday on her way to New Smyrna from a visit in DeLand. Mrs. Shattuck's friends were glad to see her in Orange City again.

Our Euchre Club met Tuesday evening. There were seven tables Judge Bailey, who took the part of a lady, won the first prize; George McCormick the gentleman's first prize, and Mrs. S. C. Fuller and Mr. Walden the consolation prizes.

Mr. Baldrige and family left Wednesday last for their home in Pittsburg, Pa., also Mrs. Foote, Mr. Freeman's sister, for her home in Ohio.

Mrs. Calvin Sperry and three children left Monday, the 5th, for Hartford, Conn., where they will spend the summer with Mr. Sperry's people. They went by rail, and Mr. Sperry has received word of their safe arrival.

Wm. Kolman has learned the art of making "Frenchplate looking glasses." He is now prepared to do work in that line; either making a new glass or repairing an old one. Satisfaction guaranteed. Call on Wm. Kolman, Orange City.

Next Sunday, April 19, at 7 o'clock p.m. in the M. E. church of Orange City, Rev. T. P. Warner, the pastor, will preach the third and last sermon on "Modern Spiritualism." An earnest invitation is extended to all who love the truth as it is in Jesus.

EMPORIA.
Special Correspondence.

Emporia, April 15.—Emporia is on a boom.

We had quite a nice show here last evening, and everyone seemed to enjoy themselves. The queer part was that one young man wore a hat to the show with a lot of doll clothes in it. Young man, be more careful next time, and leave the doll clothes at home.

Mrs. J. P. Felt's many friends are glad to know that she improves with every day.

Easter was a lucky day for one of our young ladies; two beans that day, one in the afternoon, the other in the evening.

Miss Carrie Pye is thinking of spending the summer in the sunny South.

Mr. and Mrs. B. W. Green and niece, Miss Alice Montgomery, left last week for their home in Emporium, Pa.

Little Vivia Davis was remembered on Easter with some lovely eggs.

The boys in our town have turned wood haulers in earnest.

Mr. W. W. Powell of Pierson was in our town Monday.

To find out who your friends are get

in trouble of any kind, then you can tell.

Miss Pauline Gunter of Pierson spent some days last week with her friend, Mrs. Wm. Kaighn of Eldridge. GUESS WHO.

OSTEEN.
Special Correspondence.

Osteen, April 13.—Mr. Chas. Batten of Gainesville has been visiting his brother, who resides here, several days.

There was a dance at the hall Saturday evening. A party of ten Enterprise people came over to take part in it. They took supper at Mrs. P. Leonard's.

Two young men from Lake Ashby attended our Easter morning service and spent most of the day here.

Some of Osteen's people gave the Methodist church a thorough spring cleaning last Friday. Two of the ladies with the aid of a negro woman, cleaned windows, seats and floor. The men improved the appearance of the outside. They are to repaint it and plant Bermuda grass around it.

Mrs. F. E. Cunningham is very ill at the home of her brother, Jas. Pattillo. She is not expected to live many days as she is quite old and feeble, being about eighty years of age.

LUNGREN AND BARBERVILLE.
Special Correspondence.

BARBERVILLE.
Mr. J. M. McCormick of Stetson and Mr. W. H. Poston of Kingston, spent several days in Barberville recently.

Mrs. Terry, who has been on a visit to her parents near Miami for the past six weeks, is expected home this week.

Francis McBride, the boy who was accidentally shot a few weeks since, is recovering.

There was preaching in the Baptist church Easter Sunday by Rev. Mr. Butler of Seville.

The price of eggs has dropped to 17 cents per dozen and may go lower.

It is reported that a Seville man had \$5,000 in the First National Bank of Jacksonville when it suspended. Mr. Bishop, whose store in Pierson was recently burned, had \$1,500 insurance money in the bank. A Lungren man had about \$20 in the bank.

It is reported that O. M. Brown and brother, who moved from Barberville to Seabreeze some months ago and opened a grocery store, lost everything in the recent fire there, and had no insurance whatever on their goods and furniture.

LUNGREN.
Mr. Lansing, the lighthouse tender, who lives between here and the river, has been having his house improved.

Mr. Albert Turner did the work. Mrs. Lansing has been spending sometime on the coast with her mother.

Mr. B. W. Green and wife, who spent the winter in Emporia, drove over to Lungren with a couple of friends a few days before leaving for their home in Emporium, Pa.

Mrs. Morgan, a former resident of Emporia and who owns property there, has been spending some time in Emporia.

Fertilizing orange groves seems to be going on extensively in this part of Florida, and tons are also being put on the groves in and around Crescent City. This will evidently be a prosperous year with the fertilizer manufacturers and dealers.

The fishing season at Lake Dexter and Lake George is over. The catch amounted to 1000 fish or more some days at Lake Dexter, and probably it was greater at Lake George. The fishermen were much annoyed this year by game wardens or deputy sheriffs who threatened them with arrest for fishing for shad, after some of them had been fishing unmolested for 20 years. It seems that a judge rendered a decision that the fishermen had no right to fish for shad in the St. Johns River. The shad are caught in the nets with the other fish and sometimes alligators and turtles are caught. The fishermen take what comes and sort out the fish after they are caught. The law should be made plain so that everybody can understand it, and no judge should be allowed to nullify the law by a decision or ruling. This species of anarchy has been going on long enough already in this country.

Cowpenning for the potato crop has been going on hereabouts for several weeks.

The manager of the Baltimore Daily Sun owns an orange grove here. It is under the care of Mr. Albert Turner.

There is a prospect of a colony of Swedes from Chicago being located here. A Chicago lawyer and real estate dealer is engineering the scheme. We will all welcome such an enterprise. There is an abundance of land here pleasantly located for a town, and it can be bought cheap too. We are about half way between the Atlantic Coast Line and the river. The land here is somewhat elevated above the surrounding lowlands.

The rural mail route has not been established yet, but we hope to have it soon and the advantages of a daily mail. There has been delay in having the petition signed on the west side of the river.

The cool weather the first part of the month has not been very favorable to the crops, but we hope for more suitable weather from now on.

THE MAN IN ARMOR

Was no match for the microbe. Giants he might slay but this microscopic organism defied him, and in many a campaign more men were destroyed by camp diseases than by the enemy's sword.

The one way to arm against microbe disease is to keep the blood pure. Impure blood both breeds and feeds disease.

The signs of impure blood are easy to read. Pimples, boils, and eruptions generally proclaim the blood to be impure. Scrofulous sores and swellings, salt-rheum, eczema, etc., are other signs of a corrupt condition of the blood.

Doctor Pierce's Golden Medical Discovery purifies the blood and cures diseases caused by the blood's impurity. It cures scrofulous sores, boils, pimples, eczema and other defiling and disgusting diseases.

"It gives me great pleasure to express my faith in the virtue of Dr. Pierce's Golden Medical Discovery," writes Mr. Ezekiel Floro, of Grayville, Okla., who writes: "I suffered everything for two years with humor on my face, which baffled the skill of some of the most noted physicians. Was at once advised to go to the hospital; was doctored there for three months without success. Came home discouraged. Then began to doctor with a chemist. He also failed to help me. Then I began Dr. Pierce's Golden Medical Discovery, with no faith whatever in it. Did it only to please my wife, but I am happy to tell you that after taking five bottles I am entirely cured."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Over at Hastings, in St. Johns county, they have 1,700 acres planted in Irish potatoes, and it is estimated that the crop will bring \$225,000. When one small locality can produce such results, it is not strange that Florida is forging ahead.—Stark Telegraph.

A LOVE LETTER.
Would not interest you if you're looking for a guaranteed Salve for Sores, Burns, Piles, Otto Dodd, of Ponder, Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me. It's the best salve on earth. 25c at W. A. Allen's and Geo. W. Fisher's drug stores."

On May 19 an election will be held in Polk county to decide whether the county shall be "wet" or "dry."

BROKE INTO HIS HOUSE.
S. LeQuinn of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure, 25c at W. A. Allen's and Geo. W. Fisher's drug stores.

Some people and some towns in Florida are doing well. Hastings has shown there is big money in the Irish potato, DeLand is making herself the cassava city, Orlando claims a primacy of sheltered pineapples, and Lawley prefers strawberries, while Eustis, in Lake county, lays claim to 200 miles of lake shore, skirted by high hills, the finest and largest inland lakes in the South, with increasing tourist patronage, and all these have just come to the front. Farmers' institutes have been established in every county in Florida, and the legislature will be asked for money to continue the work.—Eustis Lake Region.

Shake Into Your Shoes
Allen's Foot-Ease. It rests the feet. Cures Corns, Bunions, Ingrowing Nails, Swollen and Sweating feet. At all druggists and shoe stores, 25c. Ask today.

One of the best advertisements that was ever put out by a Florida enterprise was the sending of a car through the northern states several years ago loaded with the fruits grown here. Many people had no idea that such oranges, lemons, pineapples, etc., were grown here, and it was the means of bringing a large number to this state to reside. A display at the St. Louis fair would be another surprise, as the advance within the past few years would show to the world—who will be at the fair—that Florida produces as fine fruits as can be had the world over. The most densely populated portions of the United States are within easy access of the state of Florida and a fine display would cause many to come here to see for themselves, and when they are here we have to feed them. A good display at St. Louis would be a good advertisement, and advertising pays.—Gainesville Sun.

CONFESSIONS OF A PRIEST.
Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from the Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorders or general debility, get Electric Bitters. It's guaranteed by W. A. Allen and Geo. W. Fisher. Only 50c.

A Fair Exchange.
Pessimist—What makes you an optimist?
Optimist—Looking at dismal chaps like you. What makes you a pessimist?
Pessimist—Looking at cheerful chaps like you.—Detroit Free Press.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888 LAWS OF FLORIDA.

NOTICE is hereby given that J. P. Harden, purchaser of Tax Certificate No. 1884 and 1385, dated the 30 day of June, A.D. 1890, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Volusia county, Florida, to-wit:

Tr. 14, S. 30 E. 20 acres.
The said land being assessed at the date of the issuance of such certificate in the name of J. B. and J. D. McCullum. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 15th day of May, A. D. 1903.

Witness my official signature and seal this 17th day of April, A. D. 1903.
(Seal) SAM'L D. JORDAN,
Clerk Circuit Court of Volusia County, Fla.
